Re: Health Risk Screening Tool Phase 2 Implementation

Date: December 14, 2016

Phase 2 of the Health Risk Screening Tool (HRST) will be implemented beginning February 1, 2017. The next group of individuals to be screened will be those in Day Habilitation and Personal Supports. Those who have already been screened in Residential Habilitation and Self-Directed Services and are also attending Day Habilitation will not need a new HRST. Screening for individuals in both Residential Habilitation and Day Habilitation will be completed in Residential Habilitation. Coordinators of Community Services will continue to be responsible for performing the screening of the HRST.

There are two (2) informational webinars scheduled:

Tuesday, December 20, 2016

1:00 pm – 2:30 pm

<https://attendee.gotowebinar.com/register/5579474333390986244>

Tuesday, January 10, 2017

10:00 am – 11:30 am
